The Contract for a Better Ireland.

Ireland deserves public services and a quality of life as good as the economy. But a complacent government has squandered our hard-earned taxes and failed to keep promises to reduce crime, traffic, housing costs, and waiting times for health services. Fine Gael will improve services by sacking the wasters and ensuring money is used for more Gardaí, and health services that work.

To enter into this Contract for a Better Ireland, vote Fine Gael.

Vote No. 1 -

Frances FITZGERALD

I'm asking you for your No.1 vote or next highest preference in the forthcoming election. I have lived in West Dublin for 25 years. I raised a family here. West Dublin is my home.

I've been involved in national politics on the Fine Gael front bench and as a former head of the National Women's Council. Now I want to put my experience to work for our communities. I want to put Dublin Mid West at the heart of a new government agenda. I'm committed to a better deal for Dublin Mid West. Over the past year I have led local campaigns to save our local children's A&E at Tallaght Hospital, to oppose unplanned asylum accommodation and to reopen the Phoenix Park tunnel to bring trains to the city centre. I have also ensured that that the Fine Gael party is united in opposing developer-led housing in the Liffey Valley. I'm passionate about improving services for children with special needs. If elected to Dáil Éireann, I will use my experience to achieve even more.

Only a vote for Frances FITZGERALD can deliver a new Government
