TIME TO GIVE BACK TO IRELAND

Education

I understand how important education is for our children:

- Improve our school facilities.
- No more cuts to our school budgets, particularly for children with special needs.
- Educate children in our schools about the dangers of drugs and its negative impact on our families and society.

Integration

Ireland is increasingly becoming a multi cultured country and being an Irish citizen from a different background gives me a unique perspective.

If elected:

- I will work closely with all ethnic groups to understand the cultural differences of one another.
- I will act as a bridge between Ireland and their native countries in order to bring investment here.

Senior Citizens

- Our senior citizens worked hard and got Ireland from the recession of the eighties.
- They paid their share of the taxes when they were working, and they shouldn't pay their share twice.
- No more cuts to their pensions and leave them to enjoy their retirement in a dignified and respected manner.
