# Locals demand library

A public meeting in Lucan heard that the area is next in line for a library – if nothing happens to stop it. Local people have been demanding the replacement of their library since it closed down 22 years ago, and since they have a site promised they are becoming more than impatient.

Angry speakers pointed out that Lucan is now a disadvantaged area with regard to facilities. One irate mother said: "My children will soon be grown up and have no use for a library and I will be too old myself to be able to read."

Another protester said that he had been born in Lucan when there was no library. And for the past six years he has been working as a teacher himself, and there still is no library in Lucan.

"They have the money to straighten out bits of the roads and leave them there and they have no money to stock our library," said an angry resident. She added: "And I dread the prospect of another general election when the politicians will be back around the doors with more promises."

Another man pointed out that he had last attended a public meeting on the library issue when Superquinn was being built – "the carrot being held out then" was the library would be built beside the new supermarket. But there was still nothing being done even though the site is available.

Lucan is currently served by a mobile library service. There will soon be in excess of 12,000 households in the greater Lucan area. There is still no firm date for replacing the Lucan library.

## Putting mental health back on agenda

A series of talks on mental health will be held at the City Library, Tallaght, in the coming weeks. Sessions have been organised by the Mental Health Association and include the following:

17: "Alcohol and Mental Health", with Dr. Richard Rackard, Director of Alcohol Services, Health Board, South West Dublin.

18: "Stress and Strain - How to Cope", with Dr. Noel Cummins, Development Officer, Health Association of Ireland.

19: "Women and Mental Health", with Dr. Lambert.

20: "Depression and Anxiety", with Dr. Lambert. All of these talks will start at 7.30pm and last for one hour.

# Parents advised on winter illnesses

During a public lecture in the county library, Tallaght, this Monday, parents will be advised to take a common sense approach when dealing with the common cold.

The lecture is one of a series being organised by

the National Children's Hospital, which will be moving to Tallaght in 1987.

This week's topic - 'Illnesses To Look Out For This Winter' - which starts at 11am, will give down to earth advice on

how to deal with colds and how to detect some of the more serious ailments, including meningitis and whooping cough.

In his talk, Dr Tom O'Dowd will be stressing that there is no known cure for the common cold

and advises parents to stock up on remedies to ease their child's condition.

The other speaker at Monday's lecture, Dr Mary McKay, accident and emergency consultant, will advise on acci-

dent prevention and immunisation.

Other topics in the lecture series deal with asthma and child eating habits. The series ends on December 11 with a talk on the move to the new hospital.

# Library exhibitions

The county library at Tallaght is holding a commemorative exhibition of the First Dail, on September 1.

The exhibition should be of interest to local historians and students alike.

An exhibition of paintings by Fionnuala Graham will run in the concourse area from September 4 to 11, followed by an art exhibition by local artist Fiona McGivern, on September 18.

## The Librarian and the Robbers

The County Library will be the scene of intense criminal activity on Thursday August 17 at 3pm when Tallaght Youth Theatre present *The Librarian and the Robbers* as part of the Horrrendous Hullabaloo summer activities for children.

This play was written by Margaret Mahy and has been specially adapted by John Conroy for the occasion. John also directs the play which will feature nine members of the Youth Theatre in various roles such as robbers, librarians, mayors, policemen and women, chairpersons and a narrator.

The theatre is also looking for new members, with auditions held on a monthly basis during the summer. At the moment there are two more auditions left. The next audition will take place at the end of August. After September, there will be no intake of new members for some time, so if you want to join, get in there soon.

For more information about the group contact Kymberly Dunne at 4515909.

# Lost doggy having a wuff time!

This little Yorkshire Terrier has been pining for her owner since she turned up at the South Dublin County Council Offices on Tuesday. When she wandered into the library on Tuesday afternoon she was temporarily adopted by the library staff who did their best to care for her until closing time. However, she was still there the next morning, wagging her tail, only this time she was fostered by Councillor Charles O'Connor, who just couldn't say no to her sad, little whimpering face. Councillor O'Connor rang the Gardaí from the Council Offices to find what he should do about the lost dog, but he was told to 'ring the Council offices'. The dog was eventually handed over to the County Council dog warden service and is currently enjoying a comfortable stay at the council's pound in Rathfarnham. If she is your pet please call the pound now (4937843) to reclaim her.

*Do you own this little puppy? This terrier wandered into the South Dublin Council library last week and since then has been looked after by the Council staff.*

## MOBILE LIBRARY SERVICES TO BE CURTAILED

IN A LETTER TO COUNCILLOR CHARLES O' CONNOR THE  
COUNCIL OUTLINES ITS PROPOSED CUTBACKS IN SERVICE

20th June 1995

**Councillor  
Charles O' Connor,  
Birchwood Heights, Tallaght,  
D 24.**

Re: Mobile Library Services - Review of Schedules in Tallaght Area

Dear Councillor O' Connor

Following the opening of the County Library in Tallaght, the use  
of the Mobile Library service currently provided at 14 different lo-  
cations has considerably decreased.

It is therefore proposed to amend the current schedules in order  
to rationalise the use of our existing resources.

(a) Service to be discontinued at the following locations:

- Springfield
- Oldbawn
- Knockmore
- Killinarden
- Fortunestown

(b) service to be reduced at:

- Aylesbury (from 2 hrs to 1 hr)
- De Selby Estate (from 1hr. to 1/2 hour)

(c) All other services to operate as heretofore.

20 July 1995 - Echo.

## Artists' book exhibition at library

The Artists' Book Exhibition will run for one  
more week in the County Library, so if you  
haven't already seen it then make tracks before  
next Saturday.

The exhibition is a major international show  
which features artists from Ireland, Britain, Belgium,  
Germany, France, and the USA. The aim of the ex-  
hibition is to provide a forum for artists' book mak-  
ers to show their work and champion the idea of the  
artists' book.

Artists' books are made utilising an extremely  
wide variety of techniques and come in a broad range  
of styles and materials. The exhibition includes mini-  
ature books, cloth books, books with magnetic cov-  
ers, books in limited editions, and once-off books  
made with the most delicate of papers. Many of the  
books in the exhibition are available to handle while  
others, due to the delicacy of their constitution will  
be under glass but are available for closer examina-  
tion on request.

27 July 1995 - Echo.

## Travellers' exhibition set for county library

An exhibition of travellers' paintings, entitled 'On The Other Side', will be held in the county library at Tallaght from June 17 to July 14.

Other arts and culture events in June include an exhibition of paintings by children from Bernardos in Tallaght which go on display in the council foyer.

15 June 1995 - Echo.

29 June 1995 - Echo.

## Mobile library service grounded

The mobile library service to parts of Tallaght is to cease in the near future.

The last day of service to Knockmore, Killinarden and Fortunestown is July 19, and July 21 for Old Bawn and Springfield.

Library services to these areas are now available from the new county library at the civic headquarters. Books from mobile libraries may be returned to the new library. For further information, contact 6779747

# Artsquad's culture shock

by Jackie Hennessy

Anyone with stereotyped notions of what art is will find Tallaght Artsquad's Artshow a breathtaking culture shock.

Officially opened by an Caothairleach John Hannon (and unofficially by Pat Ingolsby!) last Thursday, the exhibition which runs until April 26, features a huge range of creations, including crafts, sculptures, puppets and murals created by Artsquad artists along with schools and community groups. The idea of the workshops which lead to the exhibition was to teach young people about art and widen their perception of it.

Highlights of the

the ice by informing the guests that they were all artists in one

way or another. Though most of them were probably feeling a little *artistically inferior* after watching Sean O'Laoghaire's fanatastic puppet show.

A performance by Tallaght Youth Theatre

Anyone who has not yet experienced the exhibition is welcome to drop in during library opening hours, admission free.

# Artsquad shows its work

by Jackie Hennessy

The Tallaght Artsquad's annual exhibition, *Artshow*, takes place in the New County Library from April 6 -26, and will feature crafts, sculptures, puppets and murals carried out by Artsquad artists working with Tallaght community groups and schools.

Artsquad workshops place emphasis on interaction between artists and groups as well as producing finished pieces; and they aim to teach young people that there is more to art than drawing. For example, students from Jobstown Community College

traced their outlines for the exhibition, resulting in huge body maps.

The finale of *Artshow* is *Stepping Stones*, written by

Macdarra Mac Uibh Aille and performed by Tallaght Youth Theatre

at the Civic Offices Tallaght on April 28 and 29.

## Lecture Room and Exhibition Area

The main lecture room can accommodate up to 100 people and can actually be divided by partition into three separate areas. The facilities are first class - overhead projector, TV, video, PA system and a music system - so that all types of talks and lectures can be provided. It is adjacent to the Exhibition area and this entire section can be completely closed off from the main library, if a lecture runs past official library opening time. There is also a separate exit which can be used at such times.

At the moment, both the main lecture

room and the exhibition area are being jointly used for an exhibition on the Dodder Valley project and a series of workshops. The first two workshops were held last week and according to Georgina Byrne, were a great success. "The lectures were held on Wednesday morning and Thursday at 6.30 p.m. We had about 20 people for each of them so we are very pleased." The last in the series will be tonight (Thursday) also at 6.30 p.m. which will deal with the historical buildings of the Dodder Valley. There is also a video "Dodder Valley Past and Present" run-

ning until January 29.

There will be a series of children's workshops during the months of February and March, in conjunction with Tallaght and Clondalkin Artsquads. These cover such subjects as arts and

crafts; mono/relief print work; dance workshop; puppet making; video; mask making. Contact the library for full details. There is no cover charge and advance booking is advised. Contact 4620000, ext 2610.

# Library Cost £2 Million

"The new County library is a part of the overall South Dublin Headquarters complex, specially incorporated and designed to serve the needs of not only the local community but the people of the entire South Co Dublin area generally." So says Tom Doherty, Project Manager, who was the general overall organiser of the division of the old Dublin County Council into the three new local authorities, including sorting out all arrangements for building the South Dublin Headquarters Tallaght.

The overall capi-

tal cost of building this new facility was £2 million which was totally funded by the Department of the Environment. An additional £1m was spent on fitting out, stocking and making the library operational.

However, the annual running costs of about £½m - wages, book and other replacements etc. - have to be borne by the council.

The library building comprises 1,900 sq metres - the largest County Council Library in the state. There are 65,000 items, with self learning facilities and study tables for 60 people. It

is, of course, totally accessible for wheelchair users and can cater for the special needs of the disabled, the elderly and those with learning difficulties.

The building itself has been designed to give shelter from the wind and rain in the public plaza area and the special roofing allows sunshine to filter through. Although part of the Council Headquarters, it can be closed off completely and has its own separate entrance. There is a strict security system with all items being tagged.

The Developers were John Paul Construction Ltd and the

*The Audio/Visual area in the new library.*

Architects were Gilroy McMahon.

The new County Library is the second largest in the country - the Ilac Centre library

is slightly bigger. However, virtually all the facilities in the Ilac Centre are now available in Tallaght. In fact, the overall aim of

the new library is to provide the community with the best possible facilities and service.

# Self-Learning In The Library

This is probably one of the most important areas for library users and it contains

state-of-the-art equipment. There are 12 separate learning booths - four for video

and eight for audio visual. You can learn how to use a computer by using the tutorial package. And you will get a certificate from the library stating that you have spent a certain number of hours on the computer. There are a number of Linguaphone language courses and there is a distinct possibility of being able to sit the Institute of Linguistics examinations which will give a recognised qualification. In fact, you can choose from 50 languages ranging from

the pretty obscure Lakota, the language of the Dakato Indians (Sioux) in North America, to the more usual French or Spanish. These course are for varying levels and occasions - holidays, business, conservation and so on and are available for borrowing as well as in library use. These are augmented by Satellite TV stations where you can watch and listen to news programmes in the particular language.

As there are six public PC's, this will allow greater

use of such facilities. The computers need to be pre-booked. There is a

CD-Rom computer which has so far, proven to be extremely popular.

## Audio-Visual Facilities

The wide range of books in the library is supplemented by an extensive audio-visual section. Material such as cassettes, language courses, books on tape are available and can be borrowed or used in the library. There are a number of videos for viewing in the library and the user simply puts on a pair of headphones and listens and views in comfort. (There are occasional shouts from this area if a football match is being watched but no one seems to mind).

There is also a listening area where you can sit and listen to one-of two channels, tapes or CDs.

## Borrow A Print

Even regular users of libraries are often unaware of one item which they can borrow. Using the print section of this new library, you can borrow one of a wide selection of paintings which you can hang on your wall at home for up to three months.

To help you choose the right one, there is even a small room with rails on which to hang the picture so you can get an idea of size, shape and content. Nor will you have any problem carrying the print home as you will also have the use of a special case to protect it.
