VOTE No. 1 DEREK KEATING

Dear Resident,

Thank you for the warm reception given to myself and my team of canvassers over the past number of weeks. The feedback received very much confirms the community policies I have put forward to date and will continue to pursue into the future.

With the general election only days away, I now must ask you to please give me your No. 1 Vote on Election Day, or your next highest preference.

I am making this request so that I will have that mandate to represent you in Dáil Éireann, to work on the many needs of this community. I make this appeal again on my proven track record of dedicated work to the residents of our community – based on what I have been doing and not just what I have been saying.

In this election campaign I have been sensitive to our environment and therefore kept the number of my posters to a minimum, placing them at strategic points in our constituency.

As always I remain available to you by email or directly at 087-2857435.

Yours sincerely

Cllr. Derek Keating MCC, PC

May 2007.
