## **Maria**

**Psychologist & Public Representative**

**FIANNA FÁIL**  
THE REPUBLICAN PARTY

## Dear Resident,

As a Country, we are in very difficult times and we are certainly not where we would like to be. As a psychologist I understand the impact that this has for people and their families. With this election we commence a New Chapter for Ireland, Dublin South and Fianna Fáil. I want it to be a chapter that is people focused, that pursues opportunities and a better future and one that is underpinned by hope.

**I would appreciate your No.1 vote on Election Day.**

### Some issues that I have pursued:

- Establishment of Joint Oireachtas Subcommittee for the Protection of Children
- Commitment that opportunities/services be provided to young people with Intellectual Disabilities following school graduation at 18 years of age
- Multi Unit Development Act 2011 establishing rights for people living in developments managed by property companies
- Inspection of Residential Facilities for children with disabilities, for unaccompanied minors and for adults with intellectual disabilities
- Fair Deal – Nursing Home Support Deal assisting people with nursing home expenses
- Investment in new schools, extensions, health, sport and leisure facilities throughout Dublin South
- Opening of Luas extension from Sandyford to Cherrywood
- Investment in supports for small businesses and protection against bad debts
- Investment in Health Services - including Cancer Care Strategy and Cervical Cancer vaccine

### Objectives

- Continue highlighting disability, mental health and special needs on the political agenda
- Job creation and the support of small businesses and enterprises
- The introduction of Mental Capacity and Guardianship Bill
- Additional capacity in post primary schools in Knocklyon/Rathfarnham area and provision of new post primary school in Leopardstown/Stepaside
- Additional investment in Primary Schools
- Additional investment in health, sport and leisure facilities

Kind Regards

I would be honoured to serve the people of Dublin South in Dáil Éireann and would work to pursue a better future and a just society.
