THERE IS A BETTER AND FAIRER WAY

Ireland is in crisis. Your vote matters now more than ever. Families are dealing with debt, redundancy, higher taxes, cuts in welfare, health and education services while paying the bills of the gamblers and speculators who wrecked our economy.

Seán Crowe's political beliefs centre around empowering communities. He believes that people from all backgrounds must work together to improve services and facilities for local residents and in doing so help create a safe, new environment for our families and ourselves to enjoy. Seán Crowe's priorities include:

- » Demanding investment for local job creation
- » Organising local communities against drugs
- » Upgrading of Tallaght Hospital and preventing the dilution of services.
- » Increased funding for schools
- » Demanding increased resources to those with special needs

If you don't vote your voice can't be heard, so make this election count. Ní neart go cur le chéile!

GETTING IRELAND BACK TO WORK IS A PRIORITY OF SINN FÉIN AND SEÁN CROWE

Sinn Féin will:

- » Transfer money from the National Pensions Reserve Fund for a jobs stimulus package
- » Create a €500 million youth jobs fund
- » Ensure small businesses can access credit
- » Support a one stop enterprise service for business start ups

HEALTH SERVICE FOR ALL

Another €765 million health cuts in 2011 endangers lives.

Sinn Féin will:

- » Halt the run down of services in Tallaght Hospital.
- » Retain a full paediatric health service in Tallaght.
- » Campaign for more primary care services and local GP access.

QUALITY AFFORDABLE HOUSING

Dublin South West needs quality affordable housing for all.

Sinn Féin would introduce measures to deal with negative equity suffered by those on average incomes who bought houses at inflated prices during the property bubble. We would also allow home-buyers to renegotiate mortgages from fixed to variable rates and to make "lump sum only" repayments.

SEÁN IS PATRON OF TEENLINE AND TALLAGHT CANCER SUPPORT GROUP
