February 2011

Dear Voter

As the election campaign draws to a close, we are writing to thank you for the courtesy and time that you extended to us and our canvass team. It has been a long and difficult election campaign. The hardest part has been coming face to face with the human cost of economic mismanagement; people who have lost their jobs, have seen loved ones emigrate and people who are being squeezed by falling incomes and rising taxes and household bills. Many are dismayed and disillusioned with politics.

But there is always hope. Ireland has triumphed over adversity in the past and can do so again. We need a change of government and a change of direction. Fine Gael is best placed to offer safe and sensible change with our FIVE POINT PLAN led by our strong front bench team. Because of this, we are asking you to give Leo Varadkar and Kieran Dennison your No 1 and No 2 vote in order of your preference.

Yours faithfully,

Leo Varadkar
