Printed by Business Print, Dublin

Strong. Modern. Energetic. Positive.
Let's put **our strengths** to work

Let's put our strengths to work

Ireland is a great country. We are a strong and proud people. We have an entrepreneurial spirit. We have bright and well educated young people. We are creative, loved and respected internationally.

What we need now is to believe in ourselves and we can only do this by working together.

Ní eacnamaíocht amháin í Éire. Is teacht le chéile den phobal muid agus athbhunóidh muid ár dtír, pobal ar phobal a chéile.

Ireland is not just an economy. We are a collection of communities and we will rebuild our country one community at a time.
