MARY DAVIS FOR PRESIDENT

PRIDE AT HOME. RESPECT ABROAD.

I want to be a President that represents Ireland strongly on the world stage. As a country, we have to repair our reputation. We have to tell the story of Ireland's recovery. We must take advantage of every opportunity to bring jobs and investment home.

I want to be a President that represents fairness, equality and respect. This means rebuilding fractured communities, listening to those who are disenfranchised and lending them my voice as President of Ireland.

Above all, I want to be a President that helps us regain our self confidence, so that we can be proud of Ireland again and of what we can achieve at home and abroad.

To do this, I need your support and your encouragement. Together, let's work to restore our pride in what we can achieve at home and rebuild respect for Ireland on the world stage.

On Thursday 27th October, please show your support by giving me your No.1 vote or your next highest preference.

Due to the cost and wastage associated with issuing individual leaflets to each member of the same household, the Mary Davis campaign will endeavour to send just one campaign leaflet to every residence where possible. As this leaflet has to be addressed to an individual resident, this name has been selected at random from the Register of Electors. Please share this leaflet with other members of your household.

Issued by the Campaign Director, Fitzwilliam Hall, Fitzwilliam Place, Dublin 2. Printed by DCKavanagh/Ebrook, Dublin.
