

# WAR!!

## ENGLAND, GERMANY AND IRELAND.

---

The mighty British Empire is on the verge of destruction. "The hand of the Lord hath touched her." The English live in daily terror of Germany. War between England and Germany is at hand. England's cowardly and degenerate population won't make soldiers: not so the Germans. They are trained and ready.

### WHAT WILL ENGLAND DO?

She'll get Irish Fools to join her Army and Navy, send them to fight and die for her Empire. England has never fought her own battles. Irish traitors have ever been the backbone of her Army and Navy. How has she rewarded them? When they are no longer able to fight she flings them back to Ireland, reeking with foul filthy diseases to die in the workhouses.

### WHY SHOULD YOU FIGHT FOR ENGLAND?

Is it in gratitude for the Priest-hunters and the rack of the Penal days! The Gibbet! The Pitch Cap! The Half-hangings and all the Horrors of '98?

Is it in gratitude for the Famine when One Million of our people were slowly starved to death, and Christian England thanking God that the Celts were going, going with a vengeance?

Is it in gratitude for the blazing homesteads and the people half-naked and starved to death by the roadside?

### STAND ASIDE

and have your revenge. Without Ireland's help England will go down before Germany as she would have gone down before the Boers had not the Irish fought her battle in South Africa. The English know this and they have offered us a bribe and call it

### HOME RULE.

It is not yet law, but believing us to be a nation of fools she wants payment in advance, and has sent her warships to our coasts to entrap young Irishmen.

### THE VIGILANCE COMMITTEE

feels bound to issue this solemn warning to young Irishmen against joining the English Army or Navy—for your own sake, as well as for your country's sake. You denounce as traitors the men who sold their votes to pass the Union. You denounce Judas who sold Christ, but generations yet unborn will curse YOU who now join England's Army or Navy. Aye, will curse not alone the dupes who join, but also those who neglect to aid the VIGILANCE COMMITTEE in their crusade against the most Immoral Army and Navy in the world.
